

Curriculum Vitae (CV) Assistant prof.Dr. Nahad Khalawe Tektook

PERSONAL DETAILS

Name: Nihad Khalawe Tektook

Gender : Female

Nationality: Iraqi

Date of Birth: 22/4/1974

Passport No.: G1062417 / Validity 25-12-2021

Marital Status: Married – 3 children

Current Occupation: Assist prof. / immunology and microbiology.

Ministry of high education and search / Middle Technical University
/ College of Health & Medical techniques, Medical laboratory techniques
Department

Address: Iraq - Baghdad - Wazeria

Personal Gmail: Gmail:drnihadkhalawe@gmail

Official Email: drnihadkhalawe@healthtech.edu.iq

Mobile : 07712913336

<https://orcid.org/0000-0002-6685-627X> Mobile phone: 07704536381

Citation : 7

H.Index : 2

Languages:

Arabic (mother tongue) excellent written and spoken

English written and spoken (language of instruction during the school time as well as for teaching instructions).

Computer Skills:

Microsoft Word: word, excel, powerpoint. On constant use for the last five years

Adobe: Acrobat (good experience, self learnt).

Reference:

- Saad abd Ali (my husband), Engineer in the ministry of oil (+07809894040).

Position:

- Lecturer in department Medical Technical Institute / Middle Technical University. Baghdad (2001-2007).

- Lecturer and researcher in the College of Health and Medical college.

- Manager of postgraduate in the College of Health and Technology, medical laboratory .

- Member of research and replacement unit in the College of Health and Medical Technology-Baghdad from 2015- till now.

- Member of National Council For Quality Improvement Of Technical

- Education Of Health And Medical Colleges And Institute- Iraq

Editorial Board in : **1- global scientific journals 2- Journal of Chemical, Environmental and Biological Engineering(JCEBE).**

ACADEMIC THESIS:

- **Tektook , N.K.**(2005).Bacteriological and Serological study in Diabetic patients with urinary tract infections and diabetic retinopathy.M.Sc. thesis. College of Science. Al-Mustansiriyah University, Iraq.

- **Tektook , N.K.**(2015). Investigation of some genes responsible for Biofilm Formation in *Staphylococcus epidermidis* Isolated From clinical samples. Ph. D. dissertation (immunology). College of Science. Al-Mustansiriyah University Iraq.

Professional Activities :

35 National and International Scientific Conferences

43 Workshops

42 Seminars

90 Training and Development course

The materials she taught in primary and postgraduate studies(12):

- 1- Physiology and anatomy .
- 2- Clinical microbiology
- 3- Biology
- 4- Biochemistry
- 5- Medical terminology
- 6- Immunity .
- 7- Parasite
- 8- Bacteriology - Phd
- 9- Immunity - Phd
- 10- Advance Technical lab. –Master
- 11- Immunity – Master.
- 12- Immunity – phd

LIST OF PUBLICATION Research : (58) research

No.	
	Nihad Khalawe Tektook ^{*1} ; Dr.Mohammed Fluihh Threaf and Eptissam Younan . <i>Helicobacter pylori</i> infected in Iraqi Diabetic Patients (type 2) and its Correlated with Level of proinflammatory cytokine-17.2018. <i>Biochem. Cell. Arch.</i> 18, 2:2547-2551.
