

CURRICULUM VITÆ

NAVEED AHMAD

Assistant Professor, Aquatic Diagnostic Laboratories Bahria University Karachi,
Karachi -75260 Pakistan. Cell: +92 302-8822558 and +92 3342131077
Email: naveedkhan.aqua@yahoo.com & naveedahmad.bukc@bahria.edu.pk

OUTLINE

An energetic and talented researcher with a strong desire to build a career with in academia. Passionate and self-motivated with a desire to succeed. Highly efficient and methodical with a good eye for detail with a proactive approach to performance.

PERSONAL INFORMATION

FATHER'S NAME: Noor Nawaz Khan

DATE OF BIRTH: 28-05-1984

DOMICILE: Distt: NW (KPK)

NATIONALITY: PAKISTANI

RELIGION: ISLAM

MARITAL STATUS: Single

CNIC #: 21506-0318916-5

PERSONAL QUALITIES

- MULTI TALENTED
- SELF MOTIVATED
- LIKE TEAM WORK
- GOOD RESEARCHER
- GOOD LISTENER AND QUICK LEARNER
- PUNCTUAL

LANGUAGE: GOOD IN READING, WRITING, SPEAKING OF

- ENGLISH:
- URDU:
- PASHTOO :

EDUCATION BACKGROUND

Year	Degree	Division/Grade	Board / University
2018	PhD. (Marine Biology)	1 st Division	University of Karachi
2008	M.Sc. (Zoology)	1 st Division	Federal Urdu University Kh
2005	B.Sc (Zoo.Ch.Bot)	2 st Division	Gomal University D.I.Khan
2003	F.Sc (Pre-Medical)	1 st Division	BISE Bannu KPK
2000	Matriculation (Science)	1 st Division	BISE Bannu KPK

RESEARCH INTEREST

- ❖ Aquaculture, Aquaculture Nutrition, Fisheries, Fisheries Biology, Marine Biology, Aquatic Ecotoxicology, Aquatic Resource Management, Ecology and Under Water Biodiversity.

PHD. RESEARCH TITLE

- ❖ Effect of Variations in Feed Constituents, Feeding Regime and Stocking Density on the Growth of Seabream in Cage Culture.

RESEARCH PROJECT

1. Development of Cage Culture Technique and Assessment of Fish Performance in the Coastal Waters of Pakistan. (HEC # 3716).
2. Growth performance, survival and body composition of commercially important fish species in cage/pen culture. (HEC # 2637).

COMPUTER SKILLS

- ❖ Microsoft Office (Word, Excel, PowerPoint)
- ❖ MS Windows 98, Me, 2000, XP, Vista can operate very well.
- ❖ Internet. Google Earth Mapping
- ❖ SOFTWARE Installation.
- ❖ Short course of HARDWARE.
- ❖ Short courses on Mini Tabe, SPSS, ANOVA and Tukey's HDS, Test
- ❖ Adobe Photoshop, Arc GIS.

HOBBIES AND INTEREST:

- ❖ Reading Books, Research Articles, Magazine, Newspaper.
- ❖ Playing Cricket & Valley Ball.
- ❖ Tourism
- ❖ Internet Browsing
- ❖ Social Media

REFERENCES

Dr. Amjad Ali
Assistant Professor
Center of Excellence in Marine Biology
University of Karachi
03452837806

Dr. Pirzada Jamal Siddiqui
Professor & Ex-Director
Center of Excellence in Marine Biology
University of Karachi
03002581121

KEY SKILLS

- ❖ SCUBA DIVER: (PADI certified open water diver ((Diver No. 0503A86943)
PADI certified advanced open water diver.
- ❖ Cage culture (Floating net Cages) preparations, handling and installation.
- ❖ Fish rearing in hatchery from small size to large size
- ❖ Preparations & formulations of commercially important protein balance diet.
- ❖ Fish species identification from genus to species level
- ❖ Identification of fish and shrimp disease

TRAINING COURSES

- ❖ One day Training course on Fish Identification by **Mr. M Moasam Ali Khan** (Director General, Marine Fisheries Departement), Fish Harbor Karachi.
- ❖ One Day Live Video Seminar on **Aqua Feed** by **Prof. Dr. Kim Jens** (Sterling University of U.K) organized By CEMB.
- ❖ A training course on "**Coastal Zone Management**" at CEMB, University of Karachi.
- ❖ One week training course on "**Aquaculture & Fisheries Management**" at CEMB by NaniGopal Das, Prof: Chittagong University, Bangladesh & Anton Immink, University of Scotland.
- ❖ Attended **35th all Pakistan Science Conference**, Held in University of Karachi, December 20-23, 2008 Univ of Karachi, Pak Association for advancement of Sci. & Pak Society for Marine Biology.
- ❖ Attended two days Seminars on "**Marine biodiversity**" organized by Center of excellence in Marine biology and Institute of the marine sciences university of Karachi, December 21, 22, 2010.
- ❖ Actively participated in the 35th Pakistan Congress of Zoology (international) organized by Center of excellence in marine biology university of Karachi, March, 1-4, 2015.
- ❖ 7 days training course on fish identification by **Dr. Y. Iwatsuki** (Professor university of Miyazaki, Japan) at Centre of excellence in marine biology university of Karachi Pakistan.
- ❖ Participating in the Maritime Winter School Organized by Maritime Study Forum in collaboration with the National Center for Maritime Policy Research (NCMPR), and with the help of NIMA held at Karachi from January **20-24 (2020)**.
- ❖ Attending one day work shop on Marine protected area in Pakistan organized by WWF.
- ❖ Participated in Conference and Panel Discussion on "Importance of Global best Practices in Food Industry" organized by Pakistan Food Association in Collaboration with Food Asia held on 22nd November 2019 in Expo & Convention Center Karachi.
- ❖ Two days training on "Awareness to Quality Management System ISO 9001: 2015" organized by BUREAU VERITAZ on 01-02 October 2020.

EXPERIENCE

- ❖ Working as **Assistant Professor** in Department of Earth & Environmental Sciences and Aquatic Diagnostic Laboratories Bahria University, Karachi, from 09th October 2019 to date.
- ❖ Teaching Physical Oceanography and Environmental Microbiology (Pratctical) to graduate students from 2009 to date.

- ❖ Two years junior research fellow experience (M. Phil) at the center of excellence in marine biology university of Karachi.
- ❖ Three years senior research fellow experience (PhD), at the center of excellence in marine biology university of Karachi.
- ❖ Six months experience as a research expert on the project "Assessment of stock and market potential of consumable seaweeds along on-shore and near-shore waters of Karachi Coast" from June 1, 2015 to December 31, 2015 funded by International Union for Conservation of Nature (IUCN)
- ❖ Experience as a senior research associate in the project "Development of Cage Culture Technique and Assessment of Fish Performance in The Coastal Waters of Pakistan" funded by Higher Education commission of Pakistan (HEC) from 01. 01. 2016 to 31.12.2017.
- ❖ Three month experiment on the effect of growth, survival and feeding rates of tilapia in aquarium, CEMB, University of Karachi.
- ❖ Three months experience on "pond culture" of fish in Private Sector at Gharu Sindh.
- ❖ Two years' experience on the Marine cage culture on the coastal region of Pakistan, with CEMB University of Karachi.
- ❖ Two years Research experience on Floating cage culture of yellowfin seabream on coastal region of Sonehri Karachi.
- ❖ Teaching experience in private tuition center to Secondary Level School (2nd years).
- ❖ Vast experience of conducting underwater and intertidal ecological as well as protection of underwater biodiversity surveys with international scientists having authority in their fields.

CONSULTANCY SERVICES

- ❖ Short-term Consultancy to conduct a study on 'assessment of standing stock of consumable seaweeds in submerged waters at Buleji, along the Karachi coast with Department of Remote Sensing & GIS, Institute of Space Technology, Karachi under the IUCN program Mangrove for the future, in February 2016. The article has been published. Pakistan Journal of Botany. 51(5): 1819-1830, 2019. DOI: [http://dx.doi.org/10.30848/PJB2019-5\(2\)](http://dx.doi.org/10.30848/PJB2019-5(2)).
- ❖ Short-term Consultancy service for IUCN (Nov. 2017 and January, 2018) to conduct studies on 'Ecological Baseline Survey of Astola Island, the first designated protected area in Pakistan. A book has been published by IUCN. https://portals.iucn.org/library/sites/library/files/resrecrepattach/Astola%20Ecological%20Baseline%20Report%202018_0.pdf

- ❖ Consultant as aquaculture expert in establishment of Biofloc system for shrimp culture in captivity.
- ❖ Establishment of Microbiology Unit in ADL for testing as PNAC certified Lab for various microbiological tests for exporters (in process 2020).
- ❖ Marketing for ADL with clients and visit various processing plants and fish harbors.

RESEARCH FELLOWSHIP

- ❖ Two years Junior Research Fellowship awarded by The Higher Education commission of Pakistan through the Centre of Excellence in Marine Biology, University of Karachi
- ❖ Two years Senior Research Fellowship awarded by The Higher Education commission of Pakistan through the Centre of Excellence in Marine Biology, University of Karachi
- ❖ Laptop awarded under Prime Minister Youth Support Program from Higher Education Commission of Pakistan in 2015.

SELECTED PROFESSIONAL PRESENTATIONS

- ❖ Presented in a 35th Zoological Congress of Pakistan on “Dietary Protein Level in the Practical Diet of Yellowfin Seabream, *Acanthopagrus Arabicus*, Juveniles for Optimum Growth Performance, Survival and Carcass Composition” conducted by University of Karachi from 1-4 march 2015.
- ❖ PhD defense presentation entitled “Effect of variations in feed constituents, feeding regime and stocking density on the growth of seabream in cage culture”

RESEARCH ARTICLES AND THESIS REVIEWER

- ❖ Reviewer in Brazilian Journal of Biology,
- ❖ Pakistan Journal of Botany.
- ❖ Pakistan Journal of Scientific and Industrial Research.
- ❖ Pakistan journal of agriculture research.

- ❖ Selected external reviewer (Principal Investigator) for an M.Phil thesis entitled “Prevalence of Leishmaniasis in a population of Karachi, Pakistan and its therapeutics” by the Board of Advance Study and research (BASR) University of Karachi.

SUBMITTED PROJECTS

1. Co-Principal Investigator in a project “Assessment of Underwater Biodiversity with Reference to Corals and their Sustainable use for the Promotion of Ecotourism in the Coastal Areas of Pakistan” submitted to HEC in 2019 forte National Research Program for Universities (NRPU).
2. Co-Principal Investigator in a project entitled “Histamine Levels of Pakistani Fisheries of Coastal Areas” submitted to the Grand Challenge Fund (GCP) of Higher Education Commission of Pakistan.
3. Co-Principal Investigator in a project entitled, “Applications of Non-Linear Chemical Dynamics: Oscillating Chemical System” submitted to Higher Education Commission of Pakistan for Grand Challenge Fund (GCP).
4. Co-Principal Investigator in a project entitled “Microalgae as a super sustainable nutrient and immunostimulant to reduce malnutrition” submitted to Grand Challenge Fund (GCP) of Higher Education Commission (HEC) of Pakistan.
5. Principal Investigator in a project called “Cage Culture Techniques and Assessment of Fish growth performance for commercially important sea water fishes in the Coastal Waters of Pakistan” prepared for National Agricultural Research Center (NARC), Agriculture Linkage Program (ALP) and will be submitted in October 2020.
6. Principal Investigator in a project “Assessment of heavy metals in fish & shrimps near shore and offshore waters of industrial city Karachi” prepared for the National Research Program for Universities (NRPU) of HEC and will be submitted in November 2020.
