

CURRICULUM VITAE

Name Muhammad Arshad
Mobile +92 301 6161 474
E-mail makuaf@gmail.com
Date of birth 19 August 1991
Nationality Pakistani
Address Basti & Moza Khakhi P/o Ghazi Pur
Tehsil Jalal Pur Pir Wala Dist. Multan

ORCID ID: orcid.org/0000-0002-5442-0380

RESEARCH AREA

My objective is to conduct research on the entomological related problems. My research is focused on the effect of herbivore damage on plant physiology and best management techniques looking for environment-friendly to manage insects of citrus, especially citrus leafminer. I have also worked with foreign scientists to determine the role of natural mortality factors acting on citrus leafminer in *Citrus valencia* and Grapefruit Orchards of University of Florida, USA. My main research area is:

- Host-plant interaction
- Insect ecology
- Biological control of insect pests
- Host selectivity
- Habitat selectivity
- IPM
- Biological control of Insect Pest
- Endosymbionts in Insects

RESEARCH EXPERIENCE

Present Researcher at Insect Molecular laboratory, Department of Plant Protection, Ankara University, Turkey

2017 Visiting Scholar at Indian River Research and Education Centre Fort Pierce University of Florida, USA

2011 Internship at Pest Warning and Quality Control of Pesticides (Multan)

CERTIFICATE

2019 Data analytics for lean six sigma, MINITAB 17.0 software, Online course authorised by University of Amsterdam, Netherland, 23-1-2019

EDUCATION/QUALIFICATIONS

Ph.D. PhD Entomology
Department of Entomology
University College of Agriculture,
University of Sargodha

Title of research work: Host specific variations in citrus leafminer, *Phyllocnistis citrella* Stainton herbivory, damage and effects on net photosynthetic rates of different citrus cultivars

Supervisor: Dr. Muhammad Irfan Ullah

Co-supervisor: Prof. Dr. Muhammad Afzal

Master

MSc. (Hons) Agri-Entomology,
University of Agriculture, Faisalabad
CGPA: 3.59/4.00 (75%)

Title of research work: Evaluation of different insecticides formulation against aphid, *Lipaphis erysimi* (Kalt.) on *Camelina sativa* in Pakistan

Supervisor: Dr. Rashad Rasool Khan

Co-supervisor: Prof. Dr. Sohail Ahmed

Bachelor

BSc. (Hons) Agri-Entomology
University of Agriculture, Faisalabad
CGPA: 3.46/ 4.00 (73%)

Intermediate

F.Sc. (Pre-Medical)
Superior Science Higher Secondary School Muzaffar Garh
BISE: D.G. Khan
Marks: 807/ 1100 (73 %)

Matriculation

Science
Almansoor Public High School Jalal Pur Pir Wala
BISE: Multan
Marks: 608/ 850 (72%)

CONFERENCES

1. Sustainable Urban Pest Management: Current National Scenario, 22 February 2019, Department, of Entomology, College of Agriculture, University of Sargodha
2. One-day workshop on Technical and Patent Writing. 25 June 2018, ORIC & Department of Chemistry, University of Sargodha, Sargodha
3. National Conference on Recent trends and opportunities to enhance citrus production and export. 3-4th May-2018, College of Agriculture, University of Sargodha
4. Citrus Expo Program 2017 11831 Bayshore Road North Fort Myers, FL 33917, United State of America
5. 6th International Conference of Pakistan Phytopathological Society: Plant health for sustainable agriculture, November 20-22, 2017, Bahauddin Zakariya University Multan and Central Cotton Research Institute Multan, Pakistan
6. International symposium about Innovative trends in Agricultural Sciences: Way forward to sustainable development, 23-25 November 2017, College of Agriculture, University of Sargodha
7. Workshop on Pesticides health hazards associated with fruit and vegetable production, Department of Entomology, University of Sargodha
8. International symposium about rural advisory services in Pakistan in the scenario of information communication technologies (ICTs), 13-Jan-2016 at University College of Agriculture, University of Sargodha
9. Strategies for overcoming Food Security Problems through utilization of Rain-fed areas, 26-28 March 2014 at University of Sargodha, Sargodha, Pakistan.
10. 2nd Post Graduate Entomological Research Conference, 08-09 July 2013 at Department of Agri-Entomology, University of Agriculture, Faisalabad, Pakistan.

ORAL/POSTER PRESENTATIONS

1. **M. Arshad (Poster presentation)**, J.A. Qureshi, M.I. Ullah and M. Afzal. 2018. Development and reproduction of *Hippodamia convergens* and *Olla v-nigrum* on *Aphis gossypii* and *Ephestia kuehniella*. 11 – 14 November 2018, Vancouver, BC Canada
2. M.I. Ullah, A.H. Khan, M. Afzal, **M. Arshad**, Y. Iftikhar and A. Aziz. 2018. Infestation response of citrus leafminer, *Phyllocnistis citrella* (Lepidoptera: Gracillariidae) to synthetic and organic fertilization under field condition. XI European Congress of Entomology, Napoli 2-6 July 2018. Pp 175.

3. M. Afzal, M.I. Ullah, A. Abdullah, A.B.M. Raza, **M. Arshad** and M. Saqib. 2018. Effect of different fodder crops and artificial diet on fecundity and survival of armyworm, *Spodoptera litura* Fabricius (Lepidoptera; Noctuidae). XI European Congress of Entomology, Napoli 2-6 July 2018. Pp 170.
4. **M. Arshad**, M.I. Ullah, M. Afzal, Y. Iftikhar, S. Khalid, Z. Hussain, H.M. Aatif and T. Abbas. 2018. Evaluation of synthetic insecticides and essential oils for the management of *Phyllocnistis citrella* Stainton (Lepidoptera: Gracillariidae). 1st International and 2nd National Conference on “Challenges and Opportunities to Boost Agriculture in Challenging Climate” 26-28 March 2018.
5. **M. Arshad**, M.I. Ullah, J.A. Qureshi and M. Afzal. 2018. Impact of leaf feeding by the citrus leafminer (*Phyllocnistis citrella*) on the photosynthetic and gaseous exchange rates in citrus. 92 Annual Meeting of the SEB ESA. 4-7 March 2018.
6. Afzal, M., **M. Arshad**, M.I. Ullah, M.A.B. Raza, A. Abdullah and M. Saqib. 2017. Variations in the host preferences of *Phyllocnistis citrella* (Lepidoptera: Gracillariidae) based on morphological characteristics and trace elements of different citrus cultivars. International Congress of Entomology Denver Colorado USA November 5-8. Number 2179. Pp 285.
7. Ullah, M.I., **M. Arshad**, M. Afzal, M. Saqib, Y. Iftikhar and A. Khaliq. 2017. Impact of citrus leafminer feeding on selected physiological parameters of different citrus cultivars. International Congress of Entomology Denver Colorado USA November 5-8. Number 2180. Pp 285.
8. **M. Arshad (poster presentation)**. Bio-efficacy of some essential oils against citrus leafminer, *Phyllocnistis citrella* (Lepidoptera: Gracillariidae). National Conference, Challenges and opportunities to boost Agriculture in changing climate. College of Agriculture, Bahauddin Zakariya University, Bahadur Sub-campus, Layyah, Punjab, Pakistan. pp 83, 29-30 March, 2017.
9. M.I. Ullah, **M. Arshad**, M. Afzal, A. Khaliq, M. Saqib, S. Khalid, Y. Iftikhar and Z. Hussain. 2016. Seasonal Variations in the Occurrence of Citrus Leafminer, *Phyllocnistis citrella* Stainton, on *Citrus reticulata* in three Tehsils of District Sargodha, Pakistan. International Congress of Entomology Orlando Florida USA September 25-30. Number 3979. Pp 428.
10. **Arshad, M.**, R. R. Khan., M. I. Ullah and M. Afzal. 2015. Efficacy of different Insecticides against Aphid, *Lipaphis erysimi* (Kalt.) on *Camelina sativa* (L.) Crantz in Pakistan. The Annual Meeting of the Entomological Society of America, Minneapolis, MN. USA. November, 15-18, 2015.
11. Ullah, M. I., **M. Arshad**., M. Khan, M. Afzal and Y. Iftikhar. 2015. Damage potential of *Spodoptera litura* (Fabricius) in various citrus nursery plantations. The Annual Meeting of the Entomological Society of America, Minneapolis, MN. USA. November, 15-18, 2015.

In draft

1. M.K. Saeed, M. Afzal, M.I. Ullah, M.H. Ahmad and **M. Arshad**. 2019. Host plant resistance against *Chilo partellus* (Swinhoe) (Pyralidae: Lepidoptera) in different genotypes of Maize (*Zea mays* L.).

Personal skills

MS Windows (98/2000/07/08/XP/Vista)
 Microsoft Office Tools
 MS-Word, Excel, Powerpoint
 Statistics 8.1
 Minitab 16.1
 Sigma plot
 Sigma scan pro 5.0
 SPSS 20

Additional Skills and Interest

Capturing the pictures of beautiful creature “insects” and uploading on websites for identification that help researchers worldwide.
